Ms. Wendy Payne
Board Chair
Algoma Nurse Practitioner-Led Clinic
443 Northern Avenue
Sault Ste Marie ON P6B 5L3

Dear Ms. Payne:

Re: Agreement between Her Majesty the Queen in right of Ontario as represented by the Minister of Health and Long-Term Care (the "ministry") and Algoma Nurse Practitioner-Led Clinic as amended, dated April 1, 2012 (the "Agreement")

The Ministry of Health and Long-Term Care (the "ministry") recognizes that interprofessional primary care teams work hard every day to deliver comprehensive primary care services for patients.

The government is taking a comprehensive approach to modernizing Ontario's public health care system. By relentlessly focusing on patient experience and on better connected care, the government will reduce wait times and end hallway health care.

As you are aware, on April 11, 2019 the government tabled its 2019 Budget. This year's budget reflects the outcomes of a comprehensive multi-year planning process that built on the findings of EY Canada's line-by-line review, and the ideas identified in the Planning for Prosperity Survey and the Big Bold Ideas Challenge. The government conducted a thorough review of all government programs in order to ensure investments are sustainable and modernized. The review was also meant to ensure that duplication is eliminated, and valuable programs and services are sustainable and delivering outcomes for the people of Ontario.

In addition to this review, all ministries were required to identify administrative savings. This was to be done by identifying opportunities to modernize services in order to reduce administrative costs and burden, while improving services across ministries, agencies and transfer payment partners. Ministries considered how they could eliminate duplicative and non-value added processes, and implement automation and other streamlining solutions where repetitive and routine tasks existed previously.

Ms. Wendy Payne

Ministries, agencies and transfer payment partners are all expected to think differently about how programs and services can be delivered in an improved and sustainable manner that drives efficiencies and maximizes value for money. The government is focused on moving to an efficient, transparent and accountable transfer payment system that will enable evidence-based decision making and reduce costs and administrative burden. As the province is taking steps to modernize and transform its own operations, it expects service delivery partners to do the same, to identify and realize opportunities for efficiencies, improved service delivery, and better client/user outcomes.

Each fiscal year, the ministry closely reviews the budgets of primary health care providers and recovers any unspent funds through annual financial reconciliations. A detailed review of all Nurse Practitioner-Led Clinic expenditures over the last three years (2015-2018) demonstrates that the ministry continues to recover a significant amount of funds each year. As a result, the ministry is adjusting the previously approved 2019-20 Annual Budgets of Nurse Practitioner-Led Clinics that have continually under-spent in previous fiscal years.

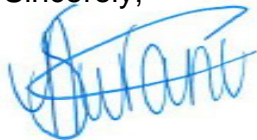

Based on the ministry's review and pursuant to s.3.03 of the Agreement, the Algoma Nurse Practitioner-Led Clinic's Annual Budget for 2019-20 is now adjusted to a maximum of up to \$1,319,256. In accordance with s.3.03 of the Agreement, I am providing you with new Budgets and new Banking and Payment Information Schedules for 2019-20, which shall replace the Budget in Schedule "A" and shall replace the Banking and Payment Information in Schedule "C". All terms and conditions contained in the Agreement remain in full force and effect.

The government is committed to embedding a focus on efficiencies into future multi-year planning processes and into the culture of the Ontario Public Service more broadly. To that end, the government will undertake program evaluations on a permanent and ongoing basis to ensure government services are meeting people's needs and to identify ways to modernize programs and save money.

Should you require any further information or clarification, please contact Michelle Lisi, Senior Program Consultant, at 705-564-6147 or by email at Michelle.Lisi@ontario.ca.

Thank you for your ongoing support as the ministry continues to build a modern, sustainable and integrated health care system that meets the needs of Ontario's patients.

Sincerely,

Nadia Surani
A/Director

Enclosure

Schedule "A" - Appendix 2: Additional Budget Terms and Conditions
Algoma Nurse Practitioner-Led Clinic
Beginning April 1, 2019

The amount showing represents an increase to the base Budget which may only be applied by the Recipient for the sole purpose of compensation (salaries, benefits, holiday pay, leave, etc.) increases for existing ministry/LHIN-funded positions with the goal of addressing challenges associated with or otherwise improving recruitment and retention.

The Recipient must make best efforts to prioritize salary increases for ministry/LHIN-funded Nurse Practitioners (and Psychologists in CHCs and AHACs). If these positions are not prioritized, the Recipient must report back to the Ministry the rationale for why they were not prioritized.

The Recipient must ensure that the level of benefits (including pensions) provided to existing ministry/LHIN-funded positions supports improved recruitment and retention and addresses barriers that limit the ability of providers to move from other settings into primary care.

The Recipient must be transparent in defining its method of allocating funding and must avoid any conflicts of interest (actual, potential or perceived) in arriving at decisions.

The Recipient must make best efforts to ensure all staff are able to receive some level of compensation increase.

For Executive management positions, defined as management positions that report directly to the governing body, the Recipient must:

- i. Undertake a factor-based analysis to arrive at specific compensation level(s);
- ii. Not exceed the following rates of salary increases: 2018/19: 4.3%; 2019/20: 4.3% and 2020/21: 3.9%, irrespective of the results of the factor-based analysis;
- iii. Not provide an increase if current salary level(s) exceed ministry funding level(s).

The Recipient must submit a report to the ministry/LHIN by end of Quarter 3 of 2018-19, 2019-20 and 2020-21 identifying how funds were used for each funded position, as directed by the ministry.
