WHAT IS THE HEALTH EQUITY CHARTER?

It is a commitment to action by the Alliance for Healthier Communities and Alliance member organizations to recognize and confront barriers to equitable health. We commit to be bold, strategic and relentless in challenging these barriers and addressing the needs of the people and communities we serve to achieve our vision of the best possible health and wellbeing for everyone living in Ontario.

Strategic Plan 2022-2027 *Update*

- Thank you for your validation feedback!
 - We received responses from 61 members.
 - Due to the abundance of feedback, we will no longer be hosting a world café.
- Working with our consultants *SN Management*, the Strategic Planning Steering Committee (Alliance Board + Senior Leadership/Staff) is in the process of incorporating your feedback into the final version of the strategic plan.

**Note that this Strategic Plan is for the Alliance itself. While there are areas the impact the services we provide for members and member involvement in broader strategies (incl. based on policy resolutions), members do not need to refer to this strategic plan for their own organization.*
