What Is a Nurse Practitioner-Led Clinic?

A Nurse Practitioner (NP) is a registered health professional with advanced University education. Ontario Nurse Practitioners provide a full range of health care services to individuals, families, and communities in hospitals and community-based clinics in cities and smaller towns in Ontario. We work in partnership with health care professionals to keep you, your family and community well.

Dominic Noel
Executive Director & Nurse Practitioner Lead

Dominic joined the Algoma NPCL team in May 2017. He is originally from Montreal, Quebec where he earned his Bachelor's in Nursing Science, Master's in Nursing Science and his Primary Health Care Nurse Practitioner Diploma. Dominic is a strong believer in health promotion and disease prevention as powerful means to enhance the quality of life of our community members. Dominic and his family have developed a deep appreciation for the Northern Ontario way of life and he is excited about continuing to serve this community.

Jessica Oldham
Nurse Practitioner

Jessica has been a Nurse Practitioner for 6 years, earning her Nurse Practitioner certificate from Lakehead University, after completing her Master's Degree through Laurentian University. As an RN she was fortunate enough to work at the Elliot Lake Family Health Team, where her love of Primary Care was ignited. As a nurse practitioner, she has had wonderful mentors and her collaborative connections to the interdisciplinary professionals in the community improve the care she is able to provide for her clients. Jessica looks forward to working with her clients to positively impact their health and wellbeing.

Debora Osei-Owusu
Nurse Practitioner

Debora recently graduated with a Master's of Science in Nursing and a Nurse Practitioner Diploma from the University of Ottawa. With over 6 years as an RN, Debora worked on a busy acute care medical unit at the Ottawa Hospital caring for individuals with various chronic illness. Her passion to become a NP stemmed from volunteering at a local community Health Center back in Ottawa where she had the opportunity to work alongside other NPs. As a newly licensed NP graduate, she seeks to work collaboratively with patients, families and the clinic's multidisciplinary team to improve health outcomes for residents of Sault Ste Marie.

When not in the clinic, Debora loves to spend time with family, shop or watch movies.

Monika Wagner
Nurse Practitioner

Monika has recently graduated from the University of Western Ontario with a Nurse Practitioner certificate and Master's in Nursing. She has four years of RN experience and enjoys forming partnerships with clients and communities to help them achieve their health goals. Her passion for disease prevention, healthy lifestyle, and taking a bio-psycho-social approach to care drove her to become a nurse practitioner. She especially enjoys working with infants and children. She is also a strong advocate for inclusivity and respecting diversity and keeps this at the core of her health care philosophy. As a new NP she is excited to work at the Algoma NPCL and aims to provide care that is client-centered, holistic, and high quality.

Alaina Harten
Registered Nurse

Alaina has been a registered nurse for over 10 years and has worked in a variety of health care settings, including: medical-surgical, long term care, public health, and primary care. Since starting at the Algoma NP Led Clinic in 2011 (when its doors first opened), she has earned certifications in smoking cessation, diabetes education, chronic disease self-management, and diabetic foot care. Her dedication to patient centered care is demonstrated through various clinic programs such as healthy living/weight promotion, smoking cessation, blood pressure and diabetes management. In her personal time, she is kept busy taking care of two amazing children, husband, and very vocal beagle.
