Enclosed are your **March 31, 2019** renewal certificates. Please review the policies and advise us immediately of any discrepancies.

Please Note:

- Ontario law requires routine inspections of boilers and pressure vessels to ensure they are in safe working order. The Boilers and Pressure Vessels regulation under the Technical Standards and Safety Act (T.S.S.A) has been amended and the changes came into effect July 1, 2018. The regulation includes a new process for boiler and pressure vessel owners to obtain Certificates of Inspection (COI). Please refer to attached. This may be the responsibility of the building owner. Please discuss with Sault College.

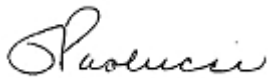

Please ensure that the named insured on your policies include all entities and/or holding companies that you may have an interest in, to avoid any gaps in coverage.
